Publisher: MacroTube Team; 2013-04-15With a new season around the corner, fans of the world's oldest and most famous football championship may be planning for some game day revelry. But it turns out that the Big 10 may actually be a better bet, especially for college football fans. That's according to a new study by the American Gaming Association, who ranked the country's 50 most popular sports based on their total attendance. In case you've been living under a rock, you may already know that there are 10 teams in the Big Ten. But what many people don't know is that these 10 teams bring in about 20,600,
